The patients also need daily Activities to keep them occupied.

The Activity Department does exercises, arts & crafts, bingo, parties and visits with

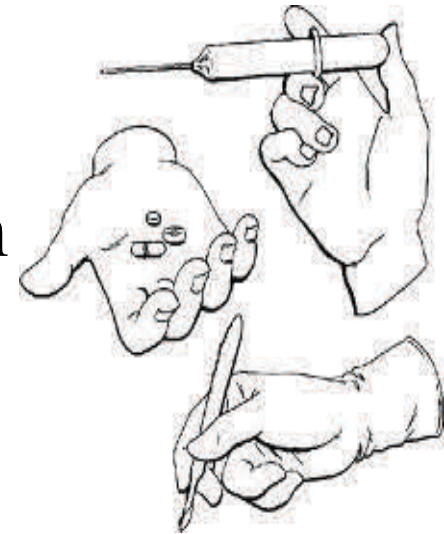

the patients in their rooms.

Nurses are here to help take care of our patients.

They watch over their health and give them medicines.

They speak with the doctors and are there to listen.

We have a Rehabilitation department that works with our patients to help them get stronger.

Some of the people need wheelchairs and walkers to get around, and some are in bed.

A visit from you can help make them feel better.

We have the Dietary Department which makes all of the meals for the patients.

A well-balanced meal is important for the patients. It helps the body get stronger and fight illness.

Palmetto Subacute Care Center is a place where people come to get well.

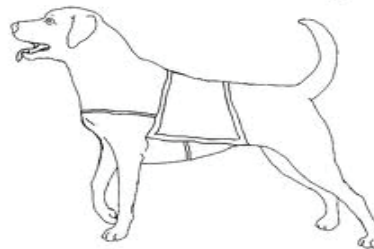

Some of our patients live here and some are with us for only a short time.

Many of our patients come here because they need help walking.

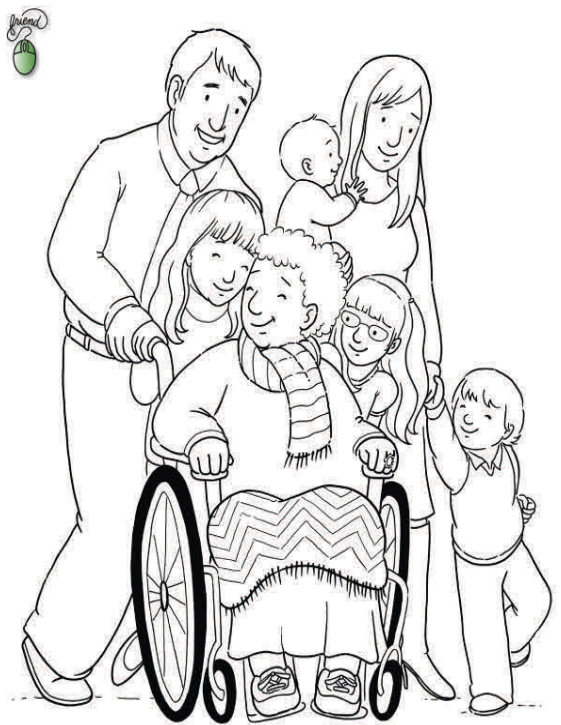

A visit from friends and family always brightens the patient's day.
